COURTED IN THE WATER, NOTED GIRL SWIMMER

Miss Alsie Aykroyd, to Marry Against Wishes of Parents, Tells of Aquatic Romance.

(Special to The Evening World), BOSTON, Sept. 22.—Miss Alaie Ayk-

royd, the famous girl swimmer, told today how Daniel O'Rourke of East Boston proposed to her when he helped her out of the water after her notable swim portant changes. to Boston Light two years ago and how,

Their wedding is to take place Oct. 1 The opposition of her parents, when they learned of her decision to wed O'Rourke, led Miss Aykroyd to go to the home of her sunt, Mrs. Mary Swift, at No. 78 gained 1-4 at 15. Wordsworth street, East Boston, where

Because of the objections of her to a small boat anchored some distance sather often was on the shore only a any extent. able to recognize the pair in the boat. "Yes, it is true that I am to marry Mr. O'Rourke," Miss Aykroyd said, while discussing her love affair. "I met him at a dance about three years ago. He is a supervisor in the Park Depart-ment and lives in East Boston. When I swam to Boston Light he accompanied me with friends in a row boat. My launch, but they didn't know who O'Rourke was. O'Rourke helped me from the water after the swim and after I had dressed took me to the top

of the lighthouse tower. There he pro-posed to me and I consented. "We are to be married Oct. 1, and I family's dislike for O'Rourke. My father was furious when he learned of my coming wedding and I went to live with my sunt."

A five dollar cash investment E HAVE TOLD you fully in three previous starts you in the ownership of a valuable property, worth several hundred dollars-

ads about this co-operative or association plan of selling pianos. We have told you of the value of the pianos that are being sold on this plan. We have told you of what care was taken in their selection. On Friday Mr. MacLachlan, president of our company, told you in a personal word, how much he valued this plan and of his high opinion of the pianos.

Now, to-day, we tell of the guarantee which has been put upon these instruments as a result of this associate

Pianos have always been guaranteed. That is, they have been supposed to be guaranteed. But the guarantees, most of them, have been vague and evasive. They began nowhere -- they went nowhere. There were loopholes in them through which you could drive a horse and wagon. They were made up-very largely—of "ifs and ands."

But when this plan was organized both the manufacturer and the dealers (including ourselves) decided to make a guarantee that meant Youwilland this togonew something—to make a guarantee in fact as well as in name.

Here it is vou can read it and judge for yourself. In our opinion it is the strongest guarantee ever placed upon a piece of mer-chandise *anywhere* or at any time.

in the event you should die while you are paying for

Besides this you get the protection of the guarantee

above mentioned protecting you absolutely for

22d Street Elevators MAIN BUILDING

Coperight 1913 by O'Neill Adams Co.

Let us sum up this whole proposition. You get a good, durable plane, worth three hundred and fifty dollars of anybody's money, for two hundred and forty-eight

dollars and seventy-five cents. This is a saving to you of one hundred and one dollars

You pay five dollars when you select your piano, leaving two hundred and forty-three dollars and seventy-five cents to be paid. To pay this balance you are allowed one hundred and ninety-five weeks' time. This makes the payments amount to only one dollar and twenty-five cents a week. You can take the full time—one hundred

and ninety-five weeks-or not, just as you wish. If you pay in shorter time you earn and are paid a cash dividend of fifteen cents a week. After the balance of two hundred and forty-three dollars and seventy-five cents is paid there is then no interest or further payments of any kind to be met.

You can get your money back after a thirty days' trial, if you want it. If you

plano or player-plano under this co-operative p

Some interesting facts. about guarantees "We guarantee this price."

"This shoe is absolutely guaranteed." "We guarantee all our candies."

"We guarantee this."

"We guarantee that."

You see these sweeping generalities: in dvertisements every day. Every day you have salesmen din them

nto your ears. Of what value are they? None. Wasted money when spent in advertising-wasted

breath when spoken. A guarantee to be a guarantee should guarantee something. It should be specific. It should state that "such and

such" are facts. And that if "such and such" are not facts—then there should be a forfeit.

"Holeproof Sox" are a good example of what we mean. Here the manufac-

turers say what they will do. They say "these sox will wear six months. We guarantee that they will. If they don't you can have a new pair—free."

This is exactly the idea behind these

pianos. We say that the materials that enter into these pianos are of the best. That the workmanship by which the materials are put together is of the highest order. That no defects will be manifest within five years. Should there you get a new piano.

One can't lose much sleep worrying over a straightforward proposition like this, can they?

keep the piano you can exchange it without loss at any time up to within one year from the day you bought it. And all unpaid payments are voluntarily cancelled Player-planos can also be purchased on the same plan

and twenty-five cents.

Three hundred player-pianos will also oe sold on this co-operative plan.

The usual price of these player-pianos is five hundred and fifty dollars each.

The co-operative price will be three hundred and ninety-five dollars, with NO INTEREST to be added.

The player-piano will also be delivered immediately upon the payment of five dollars.

The payments will be two dollars a week-giving you one hundred and ninety-five weeks' time in which to make your payments—the same as on the plano. The same unconditional guarantee that is given on the plano is given on the player-piano.

You can also get your money back at any time within thirty days.

You get the same privilege of exchanging within a year as that given with the plano.

Also, a player-piano bench and nine rolls of music (your own selection) are included without extra charge.

An arrangement will be made with each purchaser whereby rew player rolls can be procured at a cost of unit 5 cents a roll.

An arrangement will be made with each purchaser whereby ever players, a roll.

These player-pinnes are standard 88-note players—that is, they play every note on the piane when the music roll is in motion. These player-pianes have an automatic shifter, which compels the music to play perfectly. Most player-pianes soid at from two hundred to two hundred and fifty deliars more than these will not play perfectly. These player-pianes have lead tubing. Most player-pianes have rubber tubing. The life of rubber is one year—at most. Lead lasts forever. It cannot wear out and the tubing in these player-pianes is so placed that it cannot be broken.

All of the features of the co-operative plan are carried out in offering the player-planes, with the single exception that the terms on the player-plane are two del-lars a week, instead of—as on the plane—one deliar and twenty-five cents a week.
